

Shawn Levsen

Shawn Levsen has worked for over 25 years in UPS international business development. From his base in Texas, he now serves as the Regional Director of Brokerage Product Development, responsible for sales of brokerage and international trade services. Before UPS, he was the International Sales Operations Manager for National Instruments, a technology company with a presence in 38 countries; an International Trade Specialist/Export Policy Analyst at the U.S. Department of Commerce working with eastern European development and export compliance; and an Army Intelligence officer. He holds a MA from American University in Washington, DC and BA from the University of Iowa. Outside daily work, he served two terms as the Chair of the National Association of District Export Councils and continues to teach as an international business adjunct professor.
